

Sacred memory

On January 30, on the occasion of the birthday of the first President of the country, a group leaders of the faculties of "Land Management" and activists of the Faculty Youth Union organized a trip to the Oqsaroy. They laid flowers at the foot of the statue of the President and honored him. Visiting the place where the first President worked, gave us a special pride and a bright impression, - says the active and enterprising students of our faculty.

Our students got acquainted with the history of the complex, its current activities. Professors and teachers of the Faculty of Land Management organized a trip to the Museum of the First President of the Republic of Uzbekistan Islam Karimov. During the trip, our professors looked at the pictures. They were as happy as if they were standing next to each other, as each part of the monument was carefully crafted.
