

Identifying the skills

On January 30, the psychologist of the institute M.K. Mukhamedova had a meeting with the first-year students of the faculty of LM. She organized a questionnaire related to 80 skills by Hans Jürgen Eysenck 80. Dean of the Faculty Sh. Norbaev told the students that the questionnaires could be used to identify participants' abilities and interests, and that all students should actively participate in the survey. Sayfiddin Sharipov, Khurriyat Eshova and all faculty leaders assisted in the event in conducting the survey.
