

Drugs and their negative effects

It is important to suggest that within the framework of covering complex processes including geopolitical and ideological ones in the world, effective ideological struggle against various threats, there was organized the event for students of our faculty, where there was given information about joining activities against nationalism, extremism, "mass culture" and interreligious tolerance.  According to the information provided by the Ministry of Higher and Secondary Specialized Education of the Republic of Uzbekistan, dated September 12, 2021 № 3875 "On the fight against drug abuse and illicit trafficking" as the part of the Comprehensive Action Plan for 2021-2025, on October 30 of the current year, students of the Faculty of Agricultural Mechanization held an event with specialists in this field.

At the event, captain T.Yu. Malashkil and senior lieutenant A.A. Akhmedova from the personnel of the Mirzo-Ulugbek district MIBB commented on the negative effect of drugs to human health and about the importance of prevention from it and the formation of a healthy lifestyle. During the event, students answered questions and got deep understanding about the topic.
