

Bukhara branch of TIAME continues providing meetings under the idea "New Uzbekistan - a new worldview"

On January 29, in the hall of activists of the Bukhara branch of the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers was held a campaign on "2021: new destinations, confident steps" under the idea "New Uzbekistan - a new worldview" at the sector of the state tax inspection Sector 4 of Bukhara city. The event began at 11:00 a.m. The event was attended by heads and deputy heads of all enterprises and organizations of 18 makhallas of the sector, chairmen and staff of makhalla citizens' assemblies. In total 220 participants. The event was opened by Abdullo Abdullayev, head of Sector 4, head of the city state tax inspection. An advocacy group led by Shavkat Imamov, director of the Bukhara branch of the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers, presented his materials.

At the event, members of the advocacy group briefed the participants on the content of the President's address to the Oliy Majlis and the Uzbek people, as well as the future of the Uzbek people and the need to effectively use created opportunities. The implementation of large-scale reforms based on the idea that "New Uzbekistan begins at the doorstep of the school, the education system" is a matter of urgency. Therefore, the head of our state stressed that "the teaching profession should be the most prestigious profession in society," noting that in 2021 in the country will be established a system of bonuses for teachers and educators. For example, teachers who go to a school in another district will have 50 percent supplement for their salary, and those who work in another province are paid 100 percent supplement. The initiative is a continuation of practical efforts to improve the status of teachers and coaches in recent years.

In the Address, the President made a number of comments on the need to radically improve the quality of education, to ensure its effectiveness and efficiency. All of this is the evidence of the work carried out to improve the quality of education and the reputation of the teacher, which is a solid foundation for our future.
