

## Practice at the Civil Protection Institute

February 25, 2020, 3rd-course students of the 309th group of the Life Safety educational line of the Faculty of Mechanization of Irrigation and Reclamation under the direction of Associate Professors of the Department of Life Safety B. B. Utepov and N.K. Radjabov visited the Institute of Civil Protection of the Ministry of Emergencies of the Republic of Uzbekistan in order to consolidate the theoretical knowledge gained in practice.

A group of employees appointed by the Civil Protection Institute conducted classes for students. Students also visited the museum, organized by the institute, acquainted with the exhibits there. In the exhibition center, students provided with information about the earthquake resistance of buildings, about the requirements for building engineering systems. Civil defense classes were interesting and memorable for students.
