

We always bow to you, Teacher

Today teaching is one of the highly estimated professions. It is noticeable in the respect and appreciation that our President shows to teachers and mentors. Caring for teachers, raising their salaries, introducing various benefits - all these justifies that the profession is valued.

Early in the morning at the Karshi branch of TIAME, teachers and mentors were greeted with applause and songs dedicated to them.

As the great poet A. Jami said: "If there were no teacher in the world, there life would be no longer beautiful." On behalf of the students of the branch, we heartily congratulate all the teachers and mantors on their professional holiday.
