

Special seminar on cadastre by the professor of the M.V.Lomonosov Moscow State University

Professor of Moscow State University named after M.V. Lomonosov, Doctor of Agricultural Sciences Sapojnikov Peter Mikhailovich visited the institute. Special seminars for teachers and students was organized at the "Land Management" faculty in cooperation with the "Uzdavyerloyiha" Institute and the Cadastre Agency. The first seminar by Prof.P.M Sapojnikov was on topic "Legislation on cadastral assessment in Russia. Cadastral Engineering Activities". Faculty members, doctoral students and masters attended at the seminar.

The second seminar was "State cadastral assessment of agricultural lands. The role of agroclimate and soil indicators in the formation of cadastral valuation of agricultural land species. The 4th year graduates and professors of the "Land Management" faculty attended at the seminar.

In the seminar, Prof. P.M Sapojnikov presented the experience of cadastral engineering work in the field and the Russian experience in determining the cadastral value of agricultural land, and exchanged experiences with the work carried out in Uzbekistan in this area. The seminar was held in the form of an open dialogue and there was a question and answer session.
