

Awarding the winners of the English Olympiad at TIIAME

It is important to mention that on November 1, 2021 there was organized an Olympiad on English among the 9th grade pupils of the specialized school on exact sciences at the Professional Development Centre of TIIAME, where the pupils received the honorary places. The Vice-Rector on academic affairs Professor B. Khudoyorov awarded them Certificate of Honor and some gifts for a memory.

1st place - Jabbarova Rosa

2nd place - Alisher Abdurakhimov

3rd place - Kuchimov Murodali

During the event, Professor B. Khudoyorov informed that at school and TIIAME there were created all conditions for learners to Mathematics, Physics and English. He also suggested that in order to improve the cooperation it is necessary to involve pupils to students work in various laboratory classes. The school director, associate professor K. Kubyashev also stressed that as leaders we are all equally responsible for the success of our learners.

Let us remind that in October, 2021 at the Professional Development Center of TIIAME, which was opened in cooperation with British Council, there was organized a school Olympiad for the 9-grade pupils of the f specialized school. At the Olympiad, the 9th grade students completed tasks on Oxford Online English platform in computers of the Centre and IRC, who achieved various results. Besides that, senior teachers of department "English language" G. Eshchanova and U. Nullaev, who work at TIIAME and the school, were awarded with certificates by Professor B. Khudoyorov for their activity in organizing the Olympiad at the Institute and preparing pupils to the Olympiad. The pupil of the 9-grade, Roza Jabbarova, was announced as the winner of the Olympiade and was recommended for the Republican stage. The school director, associate professor K. Kubyashev also thanked the administration for their special attention and care. We hope that the partnership between the school and the institute will help students to find their right ways in choosing profession in future.
