

## The seminar-training for teachers at TIAME

It should be mentioned that within the framework of the training seminar for tutors on November 2, 2021, "The essence of the evolutionary movement in creating a new Uzbekistan and the Third Renaissance in our country, there was organized the event at the Student's Dormitory on the topic "The work, completed by our state to improve the efficiency of spiritual and educational work". The training was conducted by K. Nazarov, professor of "Humanities" Department.

✘ During the training, Professor K. Nazarov noted that the rapidly developing processes in our improving life are observed in all areas. He noted that if we strive to achieve this goal, then it will lead our people unite and are steadily embody the idea of "National revival - national rise". During this period, the growing trend of social thinking in our society was recognized as the embodiment of both national and universal values.

✘

K. Nazarov also said that today we are on the threshold of the third Renaissance, and we will fully understand the laws, decrees and resolutions, signed by the President, approved by state programs, new initiatives that the government puts forward. The workshop was very impressive, full of questions and answers. The tutors received enough answers to their questions.
