

## The spanish professor gave a lecture

On April 30, 2021, Flosel Sabate Curul, professor at Leiden University in Barcelona, Spain, spoke on "Medieval Spain and Amir Temur. The event was conducted by Sherzod Rakhmonov, head of the International Department.

The scientist's report was organized within the framework of the memorandum concluded between our institute and the University of Leyda. In his report, Flosel Sabate brought new data, which until now had not been known to Uzbek historians. Until now we knew that Amir Temur's ambassador Mohammed Keshii himself went to Spain.

According to reports, Mohammed Keshi also brought with him five diplomats, Princess Angelina, who had been released from the palace of Bayazid Yildirim, and three other Christian women. This certainly testifies to Amir Temur's high diplomatic skills. There were many such news items in the report. Students of the faculty Agricultural Mechanization took an active part in the lecture.
