

## Discussion on the implementation of the JICA project in Uzbekistan

JICA representative in Uzbekistan Mr. Miyazaki Suguru and JICA employee Mr. Togo Chisa, expert consultant of SATREPS project, consultant Mr. Suzuki Asuka, Professor of Tottori University Kristina Toderich, First Vice-Rector of the Institute B. Mirzaev, Vice-Rector for International Cooperation A. Salohiddinov, Vice-Rector for Scientific Work and Innovations T. Sultanov, Head of Center for Professional Development and Retraining G. Bekmirzaev, Head of EcoGIS Center A. Pulatov, Head of Department of Ecology and Water Resources Management A. Karimov, Professor B. Karimov, Head of International Cooperation Department Sh. Rakhmonov, independent researcher M. Reimov and translator Daniyar Dulmukhametov took part in the meeting. The meeting opened with introductions from both sides. There was a mutual dialogue about the goals and objectives of the project, which was the main purpose of the meeting. The role of the institute in the implementation of this project, the tasks and steps to be taken were described in detail.

Tottori University Professor Kristina Toderich noted that the TIAME is the leading organization in Uzbekistan's higher education and retraining system in the field of agriculture. It was noted that the institute's relationship with all agricultural organizations would play a key role in the SATREPS project. Next week, JICA representatives are planning to visit our institute given the quarantine rules.
