

## Poetry, which can be compared to a mother's heart

It is worth mentioning that a spiritual and educational event was organized at the monument to Abdulla Aripov on the Alley of Writers. The event was dedicated to the memory of Abdulla Aripov with the participation of first-year students of the Department " Materials Science and Technology" of "New Materials of the Irrigation" Faculty, a spiritual and educational event was organized around the monument to Abdulla Aripov. The fact that the event was prepared by the freshmen was really important from the point of view of identifying the new talents and abilities. The event was attended by Deputy Dean of the Faculty of Hydromelioration Z. Abdurashidov, A. Karimov. In the work of Abdulla Aripov, the leading topics were compassion and kindness, man and nature, war and peace, a series of ancestors and generations and other similar life relationships. During the visit, students learned about the life and work of the poet, his unique books and his travels around the world.
