

## Measurement of water consumption

November 4, 2019, 2nd course masters group 16 of TIAME I.N Tursunov, A.Dj. Erkinov, D.K. Gulomov, J. Narziev with Associate Professor of the department "GMTF" B.T.Amanov participated in a mobile lesson to link theoretical knowledge with practice. They measured the water discharge of the Karasu canal using "Vertushka GR-21m". Also a senior researcher of ISMI I.I. Ibragimov was invited to the process and got practical skills.

The information prepared by Associate Professor of "Hydromeliorative Systems" department Bakhodir Amanov

Press Secretary of the institute Rakhimboy Djumaniyazov
