

The cooperation with abroad starts with knowledge of a foreign language

On November 1-4, 2021 in the 1st lecture hall of the Institute, the meeting was held with the participation of the staff of the training center "Uschool" and students of 1-2 courses of all faculties. Sh. Rakhmonov, head of the international cooperation department of TIAME, informed about the conditions and opportunities about studying abroad.

They also shared interesting information about the importance of English in today's work, research and daily life. Farhod Shukurov, head of the Usschool training center, gave full information to the students about the history of the training center, the activities of the US teaching staff, the level and conditions of learning English. The meeting included a fun exercise game and sweets for the winners. Students received answers to their questions.
