✘ In order to provide the implementation of the letter № 87-02-2586 of the Ministry of Higher and Secondary Specialized Education of the Republic of Uzbekistan dated October 8, 2019 On February 6, the Institute held a spiritual and educational event " My grandmother's dresses". The event was attended by the students of the ESAWR faculty. Each girl described the clothes they were wearing. Students of MHW and HC faculties of the Institute and M.Abdurahmanova, specialist of the mahallya neighborhood named after H.Olimjon and Z.Rasuliy from Lashkarbegi MN actively participated in the event. These days, even in our streets of our country we can face with a lot of "tear-down" clothes as a result of the popular European culture. Honestly, we have been watching this lately and are not surprised.

Z.Rasuli said that the main purpose of the contest was to raise the youth's interest in our historical values and to maintain them in the future. Undoubtedly, this will improve the attitude of our youth to the culture of dress, and will continue to protect our national values. Promoting national dresses for girls, increasing the respect of our youth for national costumes, as well as enhancing the culture of dressing are important issues, "said Zilola Toshtemirova, Deputy Khokim of the district. The event was attended by students and faculty members of the OMWR faculty.
