

Fascinating conversation at the school

On February 5, the senior lecturers of "English department" R.T. Kodirova, F.N. Umarova, E.X. Kholmurodova had a discussion with the students of 9-10-11 grades of the school No.58, according to the cooperation with the pedagogical staff of our institute. They held an open dialogue (round table discussion) on the topic "Your future is in your hands", " Science is the foundation for the future". The roundtable was full of lively questions and answers. There demonstrated a presentation about our institute.

It was noted that the dialogue was conducted in three languages, and students asked questions in Uzbek, Russian and English. The deputy of the Oliy Majlis of the Republic of Uzbekistan, Fayzieva Dilorom Khusniddinova's visit to the school also gave a special mood. The director of the school Mr.Bakhromjon was pleased with the meaningful and interesting event and thanked the rector of our institute. This cooperation has been mutually beneficial and interesting for both parties.
