

Video chat between teachers and graduate students

The best and most effective communication between teachers and students takes place during graduation. Because this report, the skills acquired and the knowledge acquired, are the seal of the advanced skills. Exciting moments have their essence. Even in a pandemic. The team that seeks the opportunity, the criteria that guide our activities with the content of our holiday education, will undoubtedly be an example for all. On June 6, 2020 at 11.00 at the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers was held an online video conference on the ZOOM platform entitled "Video communication between the management of the Institute and the deans of faculties and graduates."

The video conference was attended by more than 800 graduates of the institute, and mainly discussed the defense of master's dissertations, state exams in specialty subjects, employment of graduates and other issues. The first vice-rector of the institute prof. B.S Mirzaev explained and spoke about the work being done by the institute during the quarantine period for the preparation of graduates for state exams and the defense of graduation theses in 2019-2020. After that, the head of the department of formation of the order portfolio, distribution and monitoring of graduates of the institute H.Khayitov made a presentation on assistance in the employment of graduates. A total of 1,665 graduates are currently enrolled in the institute, including 1,557 full-time students, 86 masters and 12 part-time students.

Also, the Council of Ministers of the Republic of Karakalpakstan organized a meeting of the Ministry of Water Resources of the Republic of Karakalpakstan, Uzbekhydroenergo JSC and its affiliates, Bukhara region Water Management Systems, Amu-Bukhara Irrigation Basin Department, State Statistics Committee. State Committee for Land Resources, Geodesy, Cartography and State Cadastre, regional departments of land resources and state cadastre and state enterprises of land management and real estate cadastre, the State Committee for Forestry and its affiliated organizations, Information was provided on the vacancies offered by the Tashkent Regional Department of Reservoirs, ARTEL.

The online video chat with the graduates lasted more than 2 hours. During the meeting, the graduates addressed their questions to the management of the institute in writing and orally. All questions asked were answered by the graduates to the management of the institute were answered by vice-rectors R.Choriev, B.Khudayarov, head of the educational and methodical department D.Khadjaev and head of the department of order portfolio formation, distribution and monitoring of graduates H.Hayitov.
