

Bukhara branch of TIAME received the 1st place in the national ranking of universities branches!

The State Inspectorate for Quality Control of Education held a press conference, at which it was announced the national rating of higher education institutions. During the conference, for the first time, the rating of branches of higher educational institutions was announced. According to the results of the rating, the first place was taken by the Bukhara branch of Tashkent Institute of Irrigation and Agricultural Mechanization Engineers. It should be noted that the purpose of these ratings is to increase the responsibility of affiliates for the quality of education and to encourage their efforts to improve the quality of education.

✘ This rating takes into account the level of knowledge of students, the scientific potential of the industry, the status of employment of graduates and a number of other categories. We sincerely congratulate the teaching staff and the staff of Bukhara branch of TIAME on this high recognition. We must continue to work at a high level to earn the same recognition again at the end of next year!
