

Practice results

It should be mentioned that by order of Tashkent Institute of Irrigation and Agricultural Mechanization Engineers, at the the faculties "Mechanization of irrigation and drainage works" and "Construction of hydraulic engineering" there were organized the event for the 3rd year students of specialty "Engineering Geodesy".

Practical reports were accepted on November 6, 2021 by the teachers of the department under the leadership of the head of the department of "Geodesy and Geoinformatics" R. Oimatov. The purpose of the internship is to help students in the future for becoming professionals in their field and master modern geodetic instruments.
