

Information and communication technologies in commercial banks

It is interesting to note that on November 6, 2021, at the Faculty of Organization and Management of Water Resources of our institute, a regular seminar of the JSCB "Turonbank" was held. Ibragimov Zakir Yakubovich, Advisor to the Chairman of the Board of JSCB "Turonbank" gave a brief information at the seminar about "Development of information and communication technologies in commercial banks".

The topic and the problems raised in during the event were very relevant, and every economic subject, every person in their daily life can face with these problems, these technologies. As a result, there was a lot of interest in the issues, raised by the participants. The speaker was asked many questions by the participants of the seminar.

In particular, they discussed about the progress of the transformation of commercial banks, changes in modern information and communication technologies, software, staffing and industry prospects. Part-time students, who participated in the seminar suggested introducing educational loans for part-time students. During the seminar, a message from the President of the Republic of Uzbekistan Shavkat Mirmonovich Mirziyoyev was added on the successful opening and 31st anniversary of the JSCB "Turonbank", which had a very positive impact on the activities of the seminar participants. They congratulated the speaker with good news.
