

Cooperation with foreign companies

As part of the cooperation agreement of the Institute's "Agricultural Mechanization" faculty with the Rostselmash, Alla Demchenko, Marketing Director for Rostselmash, visited our institute.

During her visit A.Demchenko got familiarized with the educational process of the Faculty of Agricultural Mechanization, the process of educational work of the department and their training base. After that she met with professors and teachers of the faculty of Agricultural Mechanization. At the end of the meeting, A.Demchenko said that in the future the faculty of Agricultural mechanization will continue the work on enrichment of modern laboratory stands with Rostselmash equipment. It was also agreed that the teaching staff would undergo internships and provide the company with literature.
