

Effective training method

On February 5, 2019 the training methods 'Fictional Animal', 'My emblem' were experienced with the students of the second dormitory of the institute with the psychologist Dilorom Sagdullayeva.

With the help of the method 'My emblem', student's motto, interests, appreciated things, passions, goals were defined. The results were diagnosed psychologically and necessary advice was given to the students.

The psychological training was held very interestingly. Working with problematic students was suggested.
