

As long as there is memory, there is a nation

May 9 is Memorial and Honor Day, and it is everyone's responsibility to remember the past and receive information about the destruction of the living. Despite the pandemic conditions, visits to the homes of war veterans and honorary faculty of the institute are made in a special spirit this year on Memorial and Honor Day throughout the country and throughout the institute.

During one of such visits, R.K.Choriev, Vice-rector on work with youth, A.M.Fathulloev, dean of "hydromelioration" faculty, I.Sapaev, head of physics department, D.V.Nazaraliev, head of "hydrology and hydrogeology" department, O.S.Akhmedov, assistant professor of physics department. Akhmedov, trainee-teacher of the chair "hydrology and hydrogeology" K.Sh. Eshkuvatov and other faculty members visited the apartments of former Major-General Abdullajon Artikbayev, who lives in Lashkarbegi mahalla of Mirzo-Ulugbek district

During the visit, a conversation was held with the former general; at the end of the conversation, gifts allocated by the institute were handed out. At the end of the event, the Institute staff returned to work in high spirits.
