

Roundtable with the staff of the French Cultural Center

Languages, as one might say, are the bridge of the soul. Its power creates ample opportunities for peoples who are willing to travel back and forth. Members of the "foreign languages" department at TIAME organized a roundtable with the staff of the French Cultural Center (Alliance Française) located in Tashkent. During the round table agreement was reached on the use of modern pedagogical technologies in teaching foreign languages to students, as well as the practical application of methods of foreign universities in the teaching of foreign languages.
