

A football match between the youth of the neighborhood and our students

Competitions are a sign of human health and endeavor. In order to ensure the implementation of the order of the rector of the Institute dated May 10, 2021 No 228 A / F "On targeted work in makhallas attached to the Institute" in consultation with the chairman of the makhalla "Oqibat" attached to the faculty "Mechanization of hydromeliorative works", there was developed and approved a plan and schedule for meaningful leisure of young people in the neighborhood, the creation of conditions for their use of institute circles.

There was also a football match between the youth of the makhalla and the first-year students of our faculty. At the end of the competition, the winning teams were awarded. The main purpose of organizing these sports events is to increase the interest of our youth in sports, to educate the younger generation through sports to be physically healthy and spiritually mature.
