

Michigan University students are expected to visit

Rakhmonov, head of the international cooperation department, reported on the signing of the agreement with European and Eurasian departments of Michigan University to establish student exchanges from 2021. The student of the University of Michigan majoring in Land or Water Management can apply to TIIAME for a 1-month internship. Furthermore, will be created conditions for learning Uzbek or Russian languages, and traveling to the historical cities of Uzbekistan. Due to the pandemic in 2021, the internship of Michigan University student will be done virtually (online). In the online meeting with Birgitta Kohler, a member of Europe and Eurasia Division, it was agreed to send TIIAME teacher to Michigan University for a one-month internship once a year through the "Weiser Fellowship" Program. Travel expenses would be covered by Michigan University. For reference: Michigan University is one of the leading universities in the United States, ranking 24th in the QS International University Rankings. It has an average of 46,000 students.
