

Mobilization of women in science

Everyone can pursue the knowledge or have an education, despite his or her gender, age and nationality. As the development of society can be achieved by focusing on science, it is necessary to pay full attention to it. "We should find talented young people and train them purposefully. If we give proper education, qualified specialists would develop other spheres themselves," - states the head of the country. The article of the newspaper "Khalq so'zi" entitled "Reforms in the education system will lay the foundation for a new renaissance in Uzbekistan" by Professor Umurzakov Uktam Pardavich, rector of our institute focuses on similar issues. The article provides detailed information about the achievements and prospects of the institute over the past 4 years. It is noteworthy that the team of Tashkent Institute of Irrigation and Agricultural Mechanization Engineers, as well as our female professors and teachers, has made a significant contribution to these achievements. On November 6, 2020 at the initiative of the Women's Council and "Olima Ayollar"(Women scientists) club was held a "WEBINAR - INTERVIEW". All professors and teachers of the institute, female students, deputy deans for youth affairs, women of Bukhara and Karshi branches of our institute, as well as women from International House-Tashkent Academic Lyceum under the Institute, Professor Murtazaeva Rakhbar Khamidovna, the Chairman of the Women's Association of Uzbekistan "Olima", historian, Professor Sultanov Tokhir Zokirovich, Vice-Rector for Research and Innovation, Professor Choriev Ruzimurat Kungratovich, Vice-Rector for Youth Affairs, Professor Sangirova Umida Ravshanovna Ph.D, head of the " Women scientists" club were invited to the event. Doctor of Historical Sciences, Professor Murtazaeva Rakhbar Khamidovna, Chairman of the Women's Association of Uzbekistan "Olima" gave a presentation on "Current issues of the Women's Association of Uzbekistan" Olima ". The lecture was very interesting and full of new information. Webinar participants received answers to the questions and necessary suggestions and information. S.Sangirova, Ph.D., Associate Professor, the head of the Women scientists Club gave a rich and informative report on "The work carried out at the Institute with women teachers and female students." The achievements of our women and their future plans were also mentioned. The closing speech was given to the Vice-Rector for Youth Affairs R. Choriev. He reported about the activities of women in the field of spirituality and enlightenment, the achievements of our female students, as well as the achievements in scientific research.
