

At INNOPROM

Students of group 110 of the Faculty of Hydromelioration together with the curator of the group K. Eshkuvatov and associate professor of hydrology and hydrogeology Sh. Akmalov took part in the international industrial exhibition INNOPROM, held in the congress and exhibition complex NEC "Uzexpocentre", organized in cooperation with Russia.

The objectives of the exhibition: expanding industrial cooperation with Central Asian countries, identifying new points of industrial development, establishing and strengthening business contacts and creating joint productions. The exhibition will include sessions on international cooperation, exports, investments and development of advanced production.
