

The visit of TIAME students to the Writers' Alley

It is important to say that the Alley of Writers, built on the initiative of the President of the Republic of Uzbekistan Shavkat Mirziyoyev, is one of the places, where our students have been studying. The reason is that a person visiting the Alley of Writers walks in the spirit of poetry. By walking in the alley anyone can have a talk with poets and writers, by reading their poetry.

On October 6, 2021, at the initiative of activists of the Faculty "Agricultural Mechanization" Khushvaktov Abbas and Ismatov Shokhdzhakhon, a group of students of the faculty, visited this place and organized a creative evening. During the visit, the students visited the monuments in honour of great poets and writers of Uzbek literature. While walking along the alley, the students once again got acquainted with the valuable works of our great writers and made sure that this place is the center of the spirituality of our country.
