

## Higher education system and education in Japan

On July 7, 2020, at the Center for Advanced Studies and Retraining of Personnel at the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers, an online webinar was organized for the students of the advanced training and retraining course in the direction of organization and management of water resources on the topic "The system of higher education and education in Japan ". The online webinar was hosted by a doctoral student at Tokyo University of Agriculture and Technology in collaboration with Tokyo University of Agriculture and Technology in Japan.
