

The initiative of young cadres

The meeting held among the first-course students of the faculty of Biology under the motto "The future is in our hands" with young professionals of our institute. Attendees of the presidential scholarship were E'zoz Ozodov, employees of the department of Science and Innovation Alisher Mutalov and Dilmurod Akbarov.

Our students briefed on the procedures for writing and submitting articles, scientific journals and conferences. Scientific articles introduced to improve the scientific outlook, the selection of academic supervisors, and the promotion of prestigious scholarships.

In the course of the roundtable discussion, our students received answers to their questions. The deputy dean for spiritual affairs of the faculty O.Ruziboev and chairman of the Youth Union of the faculty S.Temurov actively participated in the organizational issues. The step to the future begins today, because no action taken today will be in vain.
