

## Donating books

The book-writing process is related to the promotion of readership culture in a massive way. Nowadays, readership and bookstore concepts can be considered as the beacon of spirituality as a gift to all educational institutions and labor collectives. The book is the intention of educating others. Associate Professor of department of "Languages" Rakhimova Komila Nafasovna and the students of the Faculties OMWR, MLR and MHW. This charity work is the evolutionary purpose of all of us, indicating that our way of thinking is shaping a new worldview.

R.Jumaniyozov, the press secretary of the institute
