

Changes in the entrance exams of Master's Degree

Amendments and supplements to the Resolution of the Cabinet of Ministers of the Republic of Uzbekistan on approval of Regulations on admission to higher educational institutions of the Cabinet of Ministers of the Republic of Uzbekistan, the order of moving, restoration and withdrawal of students from studying '(no. 360, 27.04.2019.)

In accordance with the new regulation, the following abolished the entrance into the master's degree:

- Conversation with selected specialty questions for the purpose of determining the abilities and interests of the graduate students in scientific and scientific-pedagogical activities;
- "Computer Science and Information Technology" subject tests;
- Testing the theory and practice of building a democratic society in Uzbekistan.

Applicants applying for a Master's degree will not participate in a foreign language test if they have at least 5.5 points at TOEFL minimum of 72 or IELTS. Earlier, these results were at least 58 in TOEFL and at least 5 in IELTS.
