

Most active reader

On April 10, 2021, the Information and Resource Center organized an event for students under the heading "The Most Active Reader" as part of Reading Week. The most active students who use the Information and Resource Center were awarded memorable gifts and books. Among them: a 2nd year student of the Faculty of Agricultural Mechanization Tojiboev Ikhtiyor, a 1st year student of the Faculty of Organization and Management of Water Resources Mirzaabdullaev Ibrohim and a 2nd year student of the Faculty of Organization and Management of Water Resources Botirova Markhabohon.
