

Digital Transformation and the Success Algorithm

On April 10, 2021 in the classroom of JSCB "Turonbank" Faculty of Organization and Management of Water Industry was held the next seminar. Andrey Mikhailovich Svetlichny, Foreign Advisor to the Chairman of the Board of JSCB Turonbank, spoke at the seminar on "Digital Transformation and Success Algorithm".

The seminar provided interesting information about the prospects of the global economy, the requirements for the future workforce, the existing rules of success. Opinions were expressed about the professions that will be transformed in the near future. The seminar was useful for all participants, including teachers, masters and students.
