

Another webinar with the Moscow State University of Land Management

In order to expand international cooperation with prestigious foreign universities, further enrich the knowledge of faculty and students in the field and learn from foreign experience, a plan of online webinars for the academic year 2020-2021 was approved between the Moscow State University of Land Management and TIIAME

Another webinar was held on April 9, 2021. Corresponding member of the Russian Academy of Agricultural Sciences (RAAS), doctor of economic sciences, professor Galchenko Svetlana Albertovna spoke at the webinar. She made a report on "Improving the mechanism of cadastral accounting and registration" and introduced the participants to the Russian experience.

The webinar was attended by teachers, undergraduate and graduate students of the Department of Land Management, as well as specialists of the Uzdaverloiha Institute.
