

The museum is a trace of history

In order to fulfill the order of the rector of the institute in connection with the start of the new academic year, teachers of the faculty "Land Management" held demo lessons and trainings on the subject "Learning to get education at the institute" as part of the events "First-year school".

On September 7, the teachers of the faculty, together with first-year students, visited the Timurid Museum, located in the capital. The purpose of the visit is to familiarize young people with history, preserve and perpetuate national customs and traditions.
