

Student obligations and pedagogical responsibility

It is known that the education system and management will be in their place if both are appropriate. Rakhimboy Jumaniyozov, a spokesman for the institute, participated in the program "Yo'lchiroq" broadcast on the Uzbekistan TV channel and talked with the students about the role of education and upbringing in the life of every person.

It requires great intelligence and understanding to act in Red with patience, with awareness on the yellow and with the purposeful effort of green.

In the broadcast he commented his remarks due to the fact that students, who lived in the dormitories, express the commitment and responsibility on their work
