

## Analytical review of practical work

On March 11, 2020, in room 108 of the B- building, the group coaches of the faculty "Organization and management of water resources" Z. Ismailova, the chairman of the Institute's curators Z. Khaydarov, the head of the department of spirituality and education with youth, and the dean of the faculty R.Khakimov met and discussed how to improve the effectiveness of the spiritual and educational work in the faculty and analyze the work.

The meeting opened by the dean of the faculty R. Khakimov, who spoke about the tasks of spiritual and educational work. In the meeting, Z.Ismailova, chairwoman of the coaching council, shared her insights and remarks on the criteria governing the coaching work and the challenges facing the coaches with the requirements for resuming coaching.

Head of the department of spirituality and enlightenment of youth Z. Khaydarov made a speech, summarized the work of the coaches and clarified. He also made proposals on putting into operation the Resolution № PP-4307 "On additional measures to improve the effectiveness of spiritual and educational work." At the end of the meeting, the trainers received detail answers to their questions.
