

Meeting at Tashkent Institute of Architecture and Construction

Academician of the Academy of Sciences of Uzbekistan M.Mirsaidov and prof. T.M.Mavlonov held a meeting with talented students, masters and doctoral students on April 9, 2019 at the Tashkent Institute of Architecture and Construction . The meeting was attended by prof. R.I.Nurimbetov and teachers of "Building and Structures" faculty. The rector of the institute A.U.Mirisaev opened the meeting with the opening speech. M.Mirsaidov noted that the President pays great attention to the practical implementation of the achievements of the science, and that the President of our country has created a great opportunity for future scholarships.

M.Mirsaidov mentioned the Academy of Sciences of the Republic of Uzbekistan with high-level institutes, such as High-Tech Center, Institute of Genomics and Bioinformatics, International Solar Scientific Research Institute and Oriental Studies Institute, talked about the youth and their accomplishments being realised according to the President's assignment.

M.Mirsaidov said that the greatest scientific achievements of our science are from the young people who work in scientific research and higher education institutions, and that these scientific works are accompanied by innovation ideas, new technologies and their implementation. The young and the staff of the institute asked a lot of questions and M.Mirsaidov answered all these questions.

M.Mirsaidov noted that in order to solve the pressing problems of our country in the future, it is necessary to create several scientific schools at the institute, and this institute needs to develop cooperation between the Academy of Sciences of the Republic of Uzbekistan and other Higher Educational Institutions of the Republic, said that high-level research was being carried out in the directions. The talented youth of the institute expressed gratitude to the President for their attention to science. M.Mirsaidov supported his scientific work at the institute and gave him valuable advice, wishing him success in the future.

R.Jumaniyozov, the press secretary of the institute
