

Open Conversation

Free roundtables and open-minded talks on honesty and openness are of paramount importance. The openness of the problems and their solutions are justified. On April 11, a group of students from the Faculties of MHW and the HM organized an Open Conversation among public organizations. It was attended by the youth leaders, both leaders of the faculties of the youth. Open dialogue was discussed at the institute, at the faculty, educational process and problem situations. Students talked about the problems of 5 most current faculties in open talk. Problems, opinions of students are presented to the management of the institute and discussed at general meetings.
