

Creative meetings across Bukhara region

Academician M.Mirsaidov met with gifted students of all schools in Kagan district of Bukhara region (from 1 to 19), schools of 4th IDS, Peshku district, 1 and 3 schools and 37th school in Bukhara district held.

Mirsaidov talked about the state of youth policy in Uzbekistan and the attention of the President to young people and the conditions created for them. He called for the future of science to master the tops of science and adopt new technologies. She said that students should deeply engage in instructional subjects, work hard and always pursue them so that they can become effective professionals for the prosperity of our nation. M.Mirsaidov answered all the questions raised by the pupils and teachers and made the participants feel better. The meeting was held in an interesting and high level.
