

Article about TIIAME published in QS-GEN "Global Education News" 2020

Tashkent Institute of Irrigation and Agricultural Mechanization Engineers (TIIAME) has been recognized by international rating agencies once again, as one of the world's leading universities. The publication of the article "Making history TIIAME in 2022" in the 2nd issue of QS-GEN "Global Education News" in 2020 has become a high praise for HEI of Uzbekistan.

The article states TIIAME's participation in the QS Emerging Europe and Central Asia (EECA) with a high ranking, International grants implemented by the institute, including the World Bank, USAID, Erasmus and Erasmus + projects. In addition, achievements of the institute in the international arena, scientific works in international databases, the awards in Scopus Award in 2019 in the categories of "Breakthrough of the Year" and "Top Researcher in Agricultural Sciences" were included. A scientific cluster based on the TIIAME CAREC projects at the UNESCO Institute and Department of Water Diplomacy were also mentioned in the article.

Note: QS-GEN (Global Education News) is a logical continuation of QS WOWNEWS, and they have published its second issue in December.
