

At the essence of art

There are a lot of dynasties in our country that are known for their professional life. The grandfather's grandparents are committed to this sphere and contribute to the development of this industry. One of these is the Rejametovs syllable. T. Rejametov and his spouse Shirin Azizova and their children Fatima, Husan Rejametov and their children have fallen into the cinema and theater arts.

Fatima Rejametova, the honored artist of Uzbekistan, was the guest of the spiritual-enlightenment event at the Corner "Macroeconomic People". He is one of the few artists who have been credited with playing with big roles in about 100 films. He talked about the role of art in his own life, giving examples of his life and his attitude to the film art of his parents. The students came to the artist with various questions in oral and written form.

The event was attended by students and deans of the Faculty of Agriculture and QSEA U. Kuziev, A. Isaev. The event was interesting and attractive. At the end of the event, the Borodin House Museum and the Executive Board of LIDEP of Uzbekistan also participated. After that, the Rector of the Institute and the director of the Academy of Fine Arts Academy presented the Fellowships and memorable gifts.
