

Training at Platforma Training Center

✘ From 7 to 11 May of the current year within the framework of the joint project of the United Nations Development Program and the Ministry of Water Resources of the Republic of Uzbekistan "Technical Capacity Strengthening", implemented within the framework of the European Union "Sustainable Water Resources Management in Rural Areas of Uzbekistan" Participation in the training organized at Platforma Training Center, located at 1 Chust Street, Tashkent, M.Ulugbek district, gave great responsibility to U. Otajonov.

On the first day of the training, head of the Project "Technical Capacity Strengthening" Ulugbek Islamov, director of "AUTHOR COACHING GROUP" Dinara Gabdulkhakova, vice-rector on scientific work and innovation TZ Sultanov, head of scientific researches and scientific pedagogical training department Sh. J.Imomov took part in the event and explained the participants' responsibilities, rules and regulations, and wished the participants success in their work. Each trainer was provided with a relevant program and training manual, and a training on program and guidance was started.

Mr. Otajonov completed the assignments given on the basis of the knowledge gained in each item of the training program, which took place on May 7 - 8, May 10-11. At the last training, May 11, 2019, he continued his graduation thesis on the Socratic dialogue. This report was presented at the department by the Department of Information Technologies of the United Nations Development Program and the Ministry of Water Resources of the Republic of Uzbekistan "Capacity Building Strengthening" in the framework of the EU-funded Water Resources Sustainable Management Program in Uzbekistan. . We are convinced that training and acquired skills will continue to bring positive results in the future.

The press secretary of the Institute, Rakhimboy Jumaniyazov
