

## A look at the life of Lee Kuan Yu

On September 12, 2019, the presentation of the book by academician M.Rakhmanov and B.Zaripov "Talented people - the country's priceless treasure - the wisdom of Lee Kuan Yew" was presented at the National Library of Uzbekistan. The event was attended by academics, scientists, writers, library users, as well as 1st year students of the Faculty of Land Management.

This book, written by famous scientists M.Rakhmatov and B.Zaripov, dedicated to the life of Lee Kuan Yew, is one of the best books. The book is designed to help many experts understand the essence of the radical reforms undertaken by President Sh.Mirziyoyev over the past 3 years, and look at their future with confidence and enthusiasm. It should be a daily guide for every leader, every entrepreneur, and every citizen. Participants of the event in their speeches provided students with the necessary information about the book. All 1st year students became members of the library.
