

A remote meeting of the institute before starting traditional off-line education

The effectiveness and outcome of the education system is an important issue. It is no secret that the pandemic has become a reason to some difficulties. Classes were conducted in the online system, depending on the opportunities and conditions. Everything has been done for the quality and effectiveness of education. According to the decision of the meeting of the "Republican Commission of November 12, 2020, published on the official telegram of the Ministry of Higher and Secondary Specialized Education are to be continued ". An online meeting was held on November 14, 2020 at 16:00 with the participation of the management of the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers and the staff of the institute.

The meeting was attended by all vice-rectors, branch directors, deans of faculties, heads of departments and centers (all employees of SD, administration, accounting, staff of the institute hospital, etc.), deputy deans, heads of departments and all professors and teachers. Professor Umurzakov Uktam Pardaeovich, rector of the institute, put emphasis on the need for full maintenance of hygienic rules at the beginning of the offline system. All managers of the institute are responsible for strengthening control. It was noted that the everyone should be careful at every step. At the end of the meeting, the rector of the institute answered questions online.
