

## Meeting with the school pupils

The teaching staff of the Department of Hydrology and Hydrogeology of the Faculty of Hydromelioration D.V. Nazaraliev, S.E. Nurjanov, Sh.B. Akmalov, K.Sh. Eshkuvatov, S.R. Mansurov, I.M Ruziev, Zh.Khamrakulov organized a meeting with students of 10-11grades of secondary school No. 56 of Urtachirchik district of Tashkent region. During the meeting, students were provided with information about the existing areas of education in the department, as well as the faculties of the institute.

It was noted that the agreements and memorandums of cooperation between the institute and foreign countries gives opportunity to students who have achieved good results to continue their studies in these countries and receive bilateral diplomas. The meeting was held in a dialogue format. Students who actively participated in the dialogue were awarded with prizes.
