

## Final Qualification Works

In accordance with the curriculum for the 2018/2019 school year, the faculty of land cadastre management began to defend graduate qualification works in the areas of undergraduate education: 5311500 - Geodesy, Cartography and Cadastre and 5410700 - Land Management and Land Cadaster. We wish good luck to graduates of our institute.

**Information of the teacher of the department of geodesy and geoinformatics Utkira Islomova.**

**Press Secretary of the Institute Rahimboy Jumaniyazov.**
