

Efficient use of water is the demand of time

A group of professors and teachers of the Institute visited Jizzakh region and discussed the construction, reconstruction and repair of "Irrigation and Land Reclamation" facilities to ensure the implementation of the Decree of the President of the Republic of Uzbekistan dated August 11, 2020 No PP-4801. In addition, they got acquainted with the primary documents for the repair of facilities planned for 2022, made scientific and technical recommendations and suggestions.

There was also inspected the work done in the framework of the project "Construction and reconstruction of collector networks in H.Olimjon", "S.Sindarov", "Akhunboboev", "S.Rakhimov" and "Mustaqillik" FXHUs in Zafarabad district of Jizzakh region. Below are some photos from the process.

The reconstruction of collector-drainage networks in "Abay", "Tashkent" and "Mustaqillik Kelajagi districts" of Mirzachul district were inspected and the information in the scientific-practical journal at the site was recorded. Primary documents for the construction, reconstruction and repair of irrigation and reclamation facilities in Jizzakh region in 2022 were reviewed, as well as scientific and technical recommendations and suggestions were given.

During the visit, the sides exchanged views on prevention measures of the problems observed during the construction, and repair of "Irrigation and Land Reclamation" facilities in 2021.

Information by: Matyakubov B.Sh, Professor of "Irrigation and Land Reclamation" department.
